Md. Naimur Rahman Apu

SOFTWARE QUALITY ASSURANCE (SQA) ENGINEER

Dhaka, Bangladesh • +8801955345331 • naimuropu@gmail.com

Portfolio • GitHub • LinkedIn

PROFESSIONAL SUMMARY

Detail-oriented and proactive **Software QA Engineer** with hands-on experience in **Manual Testing**, **API Testing (Postman)**, and automation testing with a focus on **Playwright** and **Selenium WebDriver**. Proven track record across enterprise and SaaS applications: designing **3,000+ comprehensive test cases**, executing functional, regression, UAT, and cross-browser suites, and filing **220+ detailed bug reports in Jira** throughout the STLC. Leverages hands-on frontend development knowledge in **JavaScript, React.js, and Vue.js** to collaborate closely with developers, troubleshoot complex UI/state defects, and accelerate root-cause analysis for stable software releases.

TECHNICAL SKILLS

QA & Testing Methodologies: Manual Testing, Functional, Regression, Smoke, Sanity, Exploratory Testing, UI/UX Testing, Cross-Browser Testing, User Acceptance Testing (UAT), Test Case Design, STLC, SDLC, Agile / Scrum.

Automation & QA Tools: Playwright, Selenium WebDriver, Postman (REST API Testing & Automated Collections), JMeter (Performance & Load Testing), Chrome DevTools, Jira (Defect Tracking).

Version Control & CI/CD: Git, GitHub, GitHub Actions (CI/CD workflows), VS Code, Markdown.

Databases & Backend Testing: SQL, MySQL, MongoDB, Database Testing, Query Validation, JSON Schema Verification.

Frontend & Development: JavaScript (ES6+), TypeScript, React.js, Vue.js, HTML5, CSS3, Tailwind CSS, Quasar Framework.

PROFESSIONAL EXPERIENCE

Software Test Engineer

February 2026 – June 2026

LastTouch • Contractual (Remote)

`Manual QA` `Playwright` `Selenium WebDriver` `Postman` `UAT` `Jira` `STLC`

- **Functional & Manual QA:** Conducted end-to-end manual, exploratory, and User Acceptance Testing (UAT) across client-facing web applications to guarantee product stability and UX fidelity.
- **Automation Testing:** Developed foundational automated regression test scripts using **Playwright** and **Selenium WebDriver** to accelerate sprint release verification.
- **API Testing:** Validated REST APIs using Postman, verifying endpoint schemas, status codes, query payloads, auth headers, and response payloads.
- **Defect Tracking & Developer Collaboration:** Documented and tracked critical defects in Jira with reproducible steps, expected/actual results, and network logs; collaborated daily with developers during STLC cycles to verify and close bug fixes.

Junior Software QA Engineer & Frontend Developer Intern

October 2025 – February 2026

Iching Lab • Internship (Dhaka, Bangladesh)

`Functional Testing` `UI/Regression Testing` `React.js` `Vue.js` `Agile`

- **QA Execution:** Executed manual, functional, UI, and regression test suites for dynamic web applications in an Agile environment.
- **Cross-Functional Collaboration:** Partnered directly with developers to reproduce tricky UI defects, inspect DOM states using Chrome DevTools, and verify patches.
- **Frontend Development:** Built responsive frontend components using React.js and Vue.js, gaining deep understanding of state management and component rendering.
- **Bug Reporting:** Reported and verified 30+ bug fixes, maintaining clear test documentation across sprints.

Data Entry & Lead Generation Executive

2024 – October 2025

Nation IT Limited • Remote

- Conducted systematic web research, CRM record maintenance, and quality assurance, consistently maintaining 99%+ accuracy within strict deadlines.

FEATURED QA PROJECTS

BizPOS Pro – QA Audit & Automation Framework ↗ 2026

1,100+ Test Cases | 120+ Bug Reports | Playwright | TypeScript | RTM | GitHub Actions CI/CD

- **Scope & Architecture:** Spearheaded an end-to-end QA audit covering POS, inventory, accounting, cash flow, asset depreciation, and e-commerce workflows.
- **Test Coverage & Metrics:** Designed **1,100+ test cases** linked via a Requirements Traceability Matrix (RTM) and documented **120+ defect reports** with video/log evidence.
- **Playwright Automation:** Constructed an automated regression framework using **Playwright & TypeScript**, validating critical business paths and integrating with GitHub Actions CI/CD.

School Management System Testing ↗ 2026

2,000+ Test Cases | 100+ Bug Reports | Playwright | Selenium | SQL Database Testing | Postman

- **Core Modules:** Executed comprehensive testing across student enrollment, attendance, gradebook, financial billing, and role-based permissions.
- **Test Execution:** Designed and executed **2,000+ manual test cases** and logged **100+ actionable bug reports** with severity/priority categorization.
- **Automation & DB Testing:** Automated authentication and smoke workflows using **Playwright** and **Selenium WebDriver**; performed backend SQL database testing and Postman API validation.

PulseLoad – Web Performance Testing Platform 2025 – 2026

React • TypeScript • FastAPI • JMeter • Postman

JMeter | Postman | React | TypeScript | FastAPI

- Conducted functional, API, load, stress, and spike testing using **JMeter** and **Postman** to evaluate latency, throughput, and concurrent user thresholds.
- Validated analytics dashboards and verified API response integrity across authentication and reporting services.

QA Testing Portfolio (DemoQA & SauceDemo) 2025

- Designed and executed **50+ manual test cases** and logged **20+ detailed bug reports** covering complex UI interactions, alerts, and checkout workflows.

EDUCATION

B.Sc. in Computer Science & Engineering 2022 – 2026

Green University of Bangladesh (Dhaka, Bangladesh)

CGPA: **3.16 / 4.00** • Relevant Coursework: Software Engineering, Database Management Systems, Object-Oriented Programming, Web Technologies, Algorithms.

Higher Secondary Certificate (HSC) 2018 – 2020

Milestone College Uttara (Dhaka, Bangladesh)

Result: **GPA 5.00 / 5.00 (Golden A+)** • Group: Science

LANGUAGES

Bangla: Native | **English:** Professional Working Proficiency (Technical Documentation, Bug Reporting & Team Collaboration)
